

# ***THE QUIET CORNER***

## ***LAST AVAILABLE NAMING RIGHT***

It is true that children need play. However, sometimes children, as well as their caregivers, need a place to refresh and reorganize.

***The Quiet Corner*** at the Toms River Field of Dreams will provide just that. Adorned with a waterfall wall and plentiful seating, the Quiet Corner will allow those visiting the complex a designated area away from the noise and commotion of the rest of the complex.
